Danair Auto Hammers, Table Mount Auto Hammers, Fabric Tools

Thank you for shopping with us! The Danair, Inc. model AH -15 Pneumatic Automatic Hammer® offers the Manufacturing, Fabricating, and Assembly Industry a replacement to cumbersome hammers and mallets. The Danair, Inc. model AH-15-PF pneumatic Panel Fabric Tool offers the Office Refurbishers and Partition Manufacturers a replacement to cumbersome hammers and mallets. The installation of cords, splines, and gaskets can now be accomplished with minimum effort and superior speed. The AH-TM Table Mount Tool is used by tee molding installation equipment manufacturers for reliable operation and quality results. Performance - the Danair, Inc. AH-15 Auto-Hammer® has no trigger. Hammering action begins with a light pressure on the working surface and stops when lifted away. The AH-15 Auto-Hammer® will deliver over 1000 blows per minute! Quality - Since 1967 Danair products have been made in the U. S. with only the finest materials. Anytime during the lifetime of the tool if a failure occurs because of workmanship or defective materials, Danair, Inc. will repair or replace that tool. Flexibility - The AH-15 Auto Hammer® has interchangeable hammer tips to handle soft woods and plastics to hard metals like steel. The AH-15 Auto-Hammer® is easily held in the palm of the hand and weighs only 2 lbs. Danair, Inc. Products are proudly made in the U. S. backed by a Large Dealer Network and a Reliable, Responsive Manufacturer.
