Charles G.G. Schmidt & Co. Multiprofile Rosette Cutters

Thank you for shopping with us!

Our 2-knife Corrugated Back Rosette Tool Holders are designed to produce quality rosettes or plinth blocks on low rpm machines, such as drill presses, lathes, or (Bridgeport type) milling machines. They are available in three diameters and three shank sizes: 1/2", 3/4", #2 Morse taper. A 1/2" or 3/4" shank is included with the tool. The #2 Morse taper shank is an additional charge. Please specify when ordering. Blank knives are available for custom grinding your own profiles. [Standard Profiles for Rosette Tool Holders](#)
