### Amana Tool 7 1/2° Angle Dovetail Carbide-Tipped Bits

Thank you for shopping with us! MAKE CLEAN & BEAUTIFUL DOVETAIL JOINTS! The dovetail joint is the strongest construction method for drawers, boxes, chests, and fine casework. Amana Tool® designs the bits needed by many router dovetail jigs that require cutting half-blind and through dovetails. We carry the bits for name-brand dovetail jigs, including Leigh®, Keller™, Omnijig®, and Incra®. The 7 1/2° dovetail bit is used with both Omnijig® and the Incra® dovetail system.  

Item #	Manufacturer	Application	Diameter	Cut Height, Length, or Width	Overall Length	Shank	Angle	Price
