**Amana Profile Sets: 2-PC Ogee Stile & Rail Sets**

Thank you for shopping with us! Our Profile Cutters are a unique and versatile series that can be used for general profile routing, glass doors, and windows, as well as stile and rail work. (The panel groove and stub tenon must be cut separately.) The inverted hand cutters will produce copes that nest perfectly into the profiles cut by the matching "regular" bits. In addition, the inverted head allows you to profile edges that are out of the reach of regular profile bits. These 1/4" shank bits will fit any router. All are equipped with ball bearing guides, either on the tip or on the shank.

cutters: #47702 (3/8" dia) Replacement bearing for rail cutters: #47701 (1/2" dia) Replacement collar for rail cutters #47724

Replacement bearing for stile
