### Amana Tool Instile™ & Rail System - Flat Panel Stile & Rail Sets w/Ball Bearing Guide 5/8" to 1 1/8" Material

Thank you for shopping with us! Instile™ System: Cut precise grooves to provide undersized plywood veneered panels with a snug, rattle-free fit. Adjust the panel groove width (3/16" to 9/32" for 1/4" plywood; 7/16" to 17/32" for 1/2" plywood). Cuts frame stock from 5/8" through 1/ 1/4" thick. Designed to cut precise grooves to provide undersized plywood veneered panels with a snug rattle-free fit. Each set includes 2 pieces (1 for stile cuts and 1 for rail cuts and shims). Bits in these flat panel stile and rail sets have profile and groove or rabbet cutters and ball bearing guide mounted on a 1/2" shank. Respacing of the components should only be necessary—using the provided shims—after the cutters have been resharpened. Guide straight cuts with the fence; use the pilot bearing only for cuts on curved rails or stiles.

Image Right: "Thick" Configuration Assembly (7/16 to 17/32" for 1/2" plywood panel - 1 1/4" doors) Image Left: "Thin" Configuration Assembly (3/16" to 9/32" for 1/4" plywood panel - 3/4" doors) Includes full color instruction manual.
