Amana Professional Quality Signmaking & Lettering Router Bit

Thank you for shopping with us!

Signmaking bits were originally developed in Europe specifically for professional sign-makers. This solid-carbide bit features an extra-fine 60° point that produces a clean, precise cut. For those intricate lines, this bit is superior to standard "V" groovers. Makes crisp, clean cuts in solid woods, MDF, and acrylics. 1/4" Shank 3 Flute

Item #	Manufacturer	Diameter	Cut Height, Length, or Width	Flute	Overall Length	Shank	Angle	Price
