Amana Professional Quality Reversible Traditional Stile & Rail Router Bit

Thank you for shopping with us!

Cut both the stiles and rails with a single economical assembly. Switch from the stile cut to the rail cut simply by rearranging the cutters and bearing on the arbor. Because the profile and the cope are cut with the same cutter, there is a perfect fit. The assembly order for each set-up is shown in the drawing. Use in a table-mounted router. Guide straight cuts with the fence; use the pilot bearing only for cuts on curved rails or stiles. For 3/4" materials 1/2" Shank 2-Wing with ball bearing guide Professional Quality Carbide-Tipped *Use in a table-mounted router. Not for use in a handheld router!
