Whiteside Machine Solid Carbide Screw Slot Bits

Thank you for shopping with us!

Use these Whiteside Machine Solid Carbide Screw Slot Bits with a plunge router to cut slots for #8 screws. Screw slots allow for the seasonal movement of larger wooden parts such as table tops. These bits will also cut up to a 7/16" deep recess for the screw head. Solid Carbide is not guaranteed against breakage.

Item #	Manufacturer	Cut Height, Length, or Width	Large Diameter	Overall Length	Shank	Style	Price
SC100	Whiteside Machine	15/16 in	7/16 in	3 in	1/2 in	82™ Countersink	\$43.91
