Amana A.G.E. Series Glue Line Ripping Saw Blades, TCG Grind

Thank you for shopping with us!

Extra smooth finish. These special glue line blades shear the wood cleanly so there is no need to joint the stock prior to gluing. The precision triple-chip grind and extra-high hook angle allow aggressive feed rates, yet produce an extra-smooth finish. The thick steel plate and laser cut expansion slots minimize vibration and reduce noise. Use on table saws, sliding table saws, single, and gang-rip operations. **Warning:** Not recommended for cutting non-ferrous alloys, plastic, laminate, and melamine.

	NOT RECOMMENDED	FAIR	GOOD	EXCELLENT
 RIPPING SOFT/HARDWOOD	[Full length yellow bar]			
 CROSSCUT	[Short yellow bar]			
 CHIPBOARD	[Short yellow bar]			
 PLYWOOD	[Short yellow bar]			
 LAMINATE	[Short yellow bar with red X]			
 NON-FERROUS ALLOYS	[Short yellow bar with red X]
