### Amana A.G.E. Series Stainless Steel For Use W/Low RPM Specialty Saws

Thank you for shopping with us!

**Crosscut Stainless Steel** New generation of saw blades designed for low RPM dry-cutter and miter saws to crosscut stainless steel without lubrication. **Warning!** For use with low RPM chop saws only. Stainless Steel Cutting Blades can only be used on dry-cutting chop saws like Jepson™, so long as the recommended RPM is not surpassed. Ganging of materials being cut is not recommended and damage to machinery, saw blades, or serious injury to personnel could result! Refer to your machine owner's manual. **Warning:** Not to be used on multi-purpose cut-off saws or gas powered saws. Not recommended for non-ferrous metals, wood, glass, concrete, or plastic.

TC GRIND

LOW RPM  
CUTTING SAWS ONLY

### **WARNING!**

For use with low RPM chop saws only. Not to be used on multi-purpose cut-off saws or gas powered saws. Steel Cutting Blades can only be used on dry-cutting chop saws like Jepson™, so long as the recommended RPM is not surpassed. Ganging of materials being cut is not recommended and damage to machinery, saw blades or serious injury to personnel could result! Refer to your machine owner's manual.
