Everlast Double Face Laminate Saws - TC45

Thank you for shopping with us!

The perfect saw for cutting double-sided materials such as Melamine, Kortron, and Veneer. Can be used on radial or table saws. The TC45 grind provides a stronger tooth for harder materials. Modified Triple Chip Grind - TC45 - This design starts with TCG configuration, but the STR (raker) tooth has small 45 degree chamfer. The addition of this chamfer, along with special clearances, provides the best possible finish on double face laminate and solid surface materials. This design provides good service life with excellent surface finish on table saws and radial arm saws.

Item #	Manufacturer	Diameter	Bore	Grind	Kerf	Plate	Teeth	Hook Angle	Pinholes	Price
DFL860	Everlast	8 in	5/8 in	TC45	0.115 in	0.087 in	60	-5 deg	--	\$144.41
