### Everlast Groovers - Square Face & Top

Thank you for shopping with us!

A single purpose tool to be used when a specific width of groove is desired for production runs. Will give good finish cuts when run with grain of material.

Please call for: Different number of teeth, shear face, special designs, special bore size, alternate top grinds.

Straight Top Grind - STR - Each tooth will cut full kerf, making this design very effective for removing material however high cutting pressures are present. Typically used for rip cutting hardwood and softwood.

Item #	Manufacturer	Bore	Diameter	Kerf	Teeth	Price
G4184	Everlast	5/8 in	4 in	1/8 in	4	<b>\$136.47</b>
G43164	Everlast	5/8 in	4 in	3/16 in	4	<b>\$149.75</b>
