Everlast Track Saw Blades - Metric Sizes w/MICRO-5 Carbide Tips

Thank you for shopping with us!

These high-quality industrial saws feature our Micro-5 carbide tips to provide 3 to 5 times longer life than standard carbide. Compatible with Festool and other track saw machines, these blades are ideal for cutting wood, melamine, aluminum, laminates, plastics, and solid surface materials.

| Item # | Manufacturer | Application | Diameter | Bore | Grind | Kerf | Plate | Teeth | Hook Angle | Price |
|------------|--------------|----------------------|----------|-------|--------|----------|----------|-------|------------|-----------------|
| FT16012A5 | Everlast | Ripping | 160 mm | 20 mm | ATB | 0.087 in | 0.062 in | 12 | 20 deg | \$43.37 |
