Popular Tools Mitre and Double Mitre Saws

Thank you for shopping with us!

Popular Tools MD & MS series saws are designed for mitre saw machines to cut molding or picture frame material. Saws with CTC (California Triple Chip) design are made to cut any wood or light metal without changing blades for different materials. For heavy aluminum or non-ferrous metals, refer to [Non-Ferrous Saws](#). **Note: 10" and 12" mitre saw blades have 4 laser slits in the plate for vibration and noise control. In addition, the chromed body makes cleaning easy and rust free.**

Item #	Manufacturer	Diameter	Bore	Grind	Hook Angle	Kerf	Plate	Teeth	Price
