Tenryu Miter-Pro Plus Series for Miter & Slide Miter Saws

Thank you for shopping with us!

All the features of the [Miter-Pro Series](#) PLUS added technological improvements to make them better and more heavy-duty than ever.

- Finest and smoothest cuts ever on your miter or radial arm saws
- Best suited blade for the latest Slide Miter Saws as well as traditional Miter Saws
- Negative rake angle tooth design (-3°)—for finer cuts in thin or brittle material
- Reduced tendency to grab materials as they are cut
- Additional resin-filled silencing slots in plate eliminate troublesome vibration for smoother cuts, reduced noise, and longer sharp life.

See our [Tenryu Industrial Blades](#) for extra heavy duty blade choices.
