### Tenryu Heavy Metal Plus Series

Thank you for shopping with us! Circular Saws. Low RPM Dry Cut Saws. Specially engineered alloy teeth provide exceptional cut-life and lowest cost per cut in the most demanding applications. The Heavy Metal Plus Series is an evolution of the Heavy Metal Series in that it features the same super thin kerf and grinds as the Heavy Metal Series but as well features our specially engineered alloy cutting tips to further extend cut life in heavy load applications. Note: Please note all safety instructions before use and adhere to instructions for maximum RPM speeds. Always wear eye protection that meets ANSI Z87.1 requirements and properly functioning upper and lower guards.
