Whiteside Plus Ultra Fine Cut Dado Set

Thank you for shopping with us!

This Dado Set will take on the toughest of jobs while lasting longer and saving money. Five chippers are provided (four 1/8" and one 1/16" thick) for a configuration that gives less vibration. A shim set is included for micro-width adjustments, and the trim blades contain nearly twice as many cutting teeth as standard Dado Sets, resulting in a superb finish in natural woods and laminated materials.
