Item #10533, Hougen Pilot " 12,000-Series" \$7.50

Thank you for shopping with us!

For use with Hougen® Portable Magnetic Drills and many competitive models on materials up to o275 BHN (28.5 HRC). They are made of hardened M2 high speed steel and are precision ground for excellent performance throughout the cut and long tool life. They require less horsepower and thrust to cut, and last much longer than traditional holemaking methods. Rotabroach® Cutters have a ¾" diameter double-flatted shank. Modified end tooth geometry is also available for drilling in stacked plate applications.

SPECIFICATIONS
