Item #168ELSD, Vega Eye Lag Screw Driver - 1/4" - Pack of 5
\$19.60

Thank you for shopping with us!

Made from S2 modified shock resistant steel for professional performance and durability. Precision controlled heat treatment for extreme durability and wear protection. Standard 1/4" shank fits most power tools and chuck adapters.

Installing eye lag screws with your hands is never easy, especially on overhead studs. A **Vega Eye Lag Driver** has a narrow groove designed to fit eye lag screws, making it the perfect solution for driving these screws into wood or metal joists.

- Use to install Acoustical Eye Lag Screws to hang drop ceiling panels in a suspended ceiling grid
- 1/4" shank with a power groove is designed to engage with quick-change chucks on impact drivers and reduces slipping in standard drill driver chucks
