Item #190-14, Amana Professional Quality Flush Trim Router Bits \$12.18

Thank you for shopping with us! Use any of the flush trimming bits for laminate work or for template and pattern work. For template application, the bearing follows the template, while the cutting edges trim the work-piece. With the router handheld, the template is on the bottom of the work. With a table-mounted router, the template is on top. A two-flute bit is a good general-purpose choice, providing fast cuts and good finishes. Excellent for template work. 2 & 3 Flutes Upper Ball Bearing Guide 1/4" & 1/2" Shank Professional Quality Carbide-Tipped

NEW
