Item #205558, Vortex Tool Carbide-Tipped Thru-Hole Drill - 7/32" x 70mm

\$30.05
Thank you for shopping with us!

Drills thru-holes in solid wood, wood composites, or plastic laminated materials. These bits have been extensively tested throughout the furniture and cabinet industry with excellent results. Thru-point drills will leave a clean exit hole, but may cause some chipping on the entrance cut.

SPECIFICATIONS

Diameter	7/32 in
Length	70 mm
Rotation	Left
Manufacturer	Vortex Tool
