Item #45570, Amana Tool Mortising Carbide-Tipped 1/2" Dia x 5/16" x 1/4" Shank 2-Flute Downshear Design **\$24.79**

Thank you for shopping with us!

Intended for hinge mortising, this Amana Tool Mortising Carbide-Tipped 1/2" Dia x 5/16" x 1/4" Shank 2-Flute Downshear Design is an excellent choice for cutting laps and tenons as well. The sides and bottom of the cut are exceptionally smooth. The downshear design reduces chipping along the top edge of the cut, especially in laminates, veneered plywood, and MDF. The large gullet between the cutting edges provides excellent chip clearance.

Note: A proper mortising bit should have a large gullet between the two flutes. This allows greater chip clearance and removal.

SPECIFICATIONS
