Item #47126-2, Amana Tool Flush Trim 1/2" Dia x 2" x 1/2" Shank x 4 3/8" (Extra Long) Carbide-Tipped w/ Double Ball Bearing Guide **\$61.95**

Thank you for shopping with us!

Use this bit for template or pattern work where the workpiece is unusually thick.

The two-flute configuration cuts fast and produces a smooth finish.

Twin bearings on selected tools provide better contact with reference edge and more stability in the cut.

Standard replacement bearing (.500" dia) use #47706
Undersized bearing (.492" dia) use # 47715—for use after re-sharpening

Double ball bearing for added stability.

AMAX Extended Life Features:

200% longer life-time even when working with abrasive materials
Superior geometric design
Advanced grinding technology that improves the carbide's resistance to wear
Super clean cuts
