**Item #47182, Amana Tool Dynabit™
Laminate Flush Trim Carbide-Tipped 3/4"
Dia x 5/8" x 1/4" Shank 2-Flute w/Ball
Bearing Guide
\$30.86**

Thank you for shopping with us!

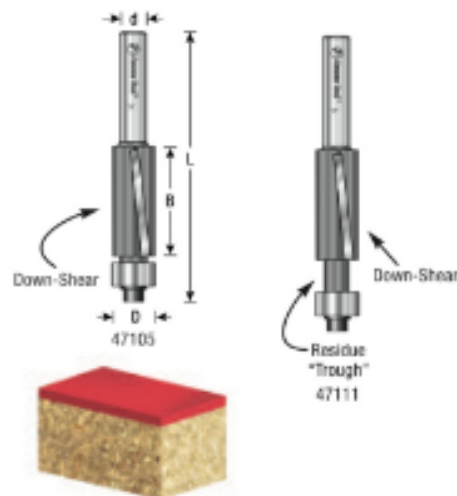

The Dynabit™ Line features a modest down-shear for an excellent finish. The helix bits have a spiral-like twist to the cutting edges, making them especially good on difficult materials such as melamine. An adhesive-trapping gap between cutting edges and pilot bearing is featured on tools #47111 & #47113.

NOTE: Downshear bits are not intended for router table use.

AMAX Extended Life Features:

- 200% longer life-time even when working with abrasive materials
- Superior geometric design
- Advanced grinding technology that improves the carbide's resistance to wear
- Super clean cuts
