Item #47210, Amana Tool Special Bevel Trim Carbide-Tipped 8° 5/8" Dia x 15/32" x 1/4" Shank 2-Flute with Ball Bearing Guide

\$30.08

Thank you for shopping with us! A very shallow bevel angle, the gap between the cutting edges, and the ball bearing pilot are the key features of this Amana Tool Special Bevel Trim Carbide-Tipped 8° 5/8" Dia x 15/32" x 1/4" Shank 2-Flute with Ball Bearing Guide. The gap collects adhesive residue that usually fouls the pilot and thus degrades the cut.
