Item #47707, Amana Tool Ultra-Glide™ High Performance Ball Bearing 1/2 Overall Dia x 3/16 Inner Dia **\$10.76**

Thank you for shopping with us! Using the same quality standards as our regular steel bearings, these Ultra-Glide™ bearing assemblies feature satin-smooth Delrin® sleeves. Delrin® is an industrial synthetic plastic material similar to nylon, and will leave no marks on the material being cut. Applications include solid-surface materials such as Gibraltar®, Corian®, Surell®, Fountainhead®, Plexiglas® & other clear acrylics, and plastic laminates. Not recommended for regular wood applications due to a higher wear factor.

SPECIFICATIONS

Manufacturer	Amana Tool
Application	1/2 in diameter flush trim, corner rounds, etc. All tools that accept our regular #47706 steel bearing
