Amana Tool Table Edges Carbide-Tipped 2 7/64" D x 1/4" R x 1/2" Shank 2-Flute w/Ball Bearing Guide

This selection of table edge profiles offers a wide variety of designs from which to choose. All will shape away the hard edge, add detail, and reduce the visual thickness of the top.

Cove & Thumbnail: Cuts a small cove combined with a larger thumbnail. Works well when combined with a molding under the top.

Replacement bearing #47718
