### Item #51202XL, Amana Tool High Performance Solid Carbide AITiN Coated Panel Pilot 7° Bevel Trim x 1/4" Dia x 1/4" x 1/4" Shank 1-Flute **\$15.94**

Thank you for shopping with us!

The ideal laminate trimming bit for high-volume production. Solid carbide and integral pilot (no bearing to maintain) extends life of bit; slim configuration reduces vibration. Suitable for routers and trimmers. Aluminum Titanium Nitride (AITiN) coating provides chip-free edges, lasts 2 times longer than uncoated solid carbide, and 100 times longer than steel tools.

#### **AITiN coating has many benefits:**

- Extra wear resistance
- Allows for faster feed and speed rates
- Cutting edge protected from wear
- Better chip evacuation
- Less heat build up
- Superior cutting quality and extended tool life

## SPECIFICATIONS

<b>Manufacturer</b>	Amana Tool
<b>Diameter</b>	1/4 in
<b>Cut Height, Length, or Width</b>	1/4 in
<b>Flute</b>	1
<b>Overall Length</b>	1 1/2 in

## SPECIFICATIONS

**Shank**

1/4 in

**Type**

7 deg Bevel
