Item #610600C, Amana Tool Carbide-Tipped Cut-Off & Crosscut Electro-Blu™ Non-Stick Coating 10 Inch Dia x 60T ATB, 10 Deg, 5/8 Bore \$74.29

Thank you for shopping with us!

As our standard cut-off and crosscut blade, this is ideal for table saws and sliding table saws. Its combination of 10° hook and the alternate top bevel tooth grind provide good quality cuts and a long cutting life. Suitable for hardwood, softwood, even plywood and chipboard. Good choice for heavy production in any cabinet-making shop. **Benefits of Electro-Blu™ Coating** Reduces resin accumulation and heat build-up. Tips stay sharper longer resulting in extended blade life. Applied by using an electrostatic bonding process. **Warning:** Before use, read saw blade safety guidelines in [Amana's catalog](#).
