Item #61386, Amana Tool Intermediate Stackable Cutter 160mm (6-5/16) Dia x 15mm (19/32) x 1-1/4 Bore (Industrial) \$222.71

Thank you for shopping with us! Expand the range of the shim-type adjustable groovers with these intermediate cutters. Works like a stackable dado set: sandwich one or more of the intermediate cutters between a pair of the groovers (model #s 61350, 61352, 61360, 61362, 61364, 61366). Find the coarse groove width by stacking the appropriate selection of cutters on the shaper spindle, and fine-tune the width by shimming the outside groovers.

Repl. Knife
