Item #Kit 7964-INS-7964, Vortex MDF Inside Door Profiles - Inside Roughing Profile: 7964 BODY W/ INS-7964 INSERTS - Large Bead (3/8" R)

\$443.08

Thank you for shopping with us! .

These " multiple" pass cutter sets can be used in combination to rough out and corner clean to provide the appearance of a square inside corner. Combine with a raised panel cutter to complete the look of a five-piece assembled door. Bead profile ([7964](#)) will accept both a small bead (1/4" radius) or a large bead (3/8" radius) insert so one tool can do both profiles.
