### Item #818-204, Mastercut 3 Flute Mortise Compression

**\$122.45**

Thank you for shopping with us!  
Material Finish-Top: Excellent  
Material Finish-Bottom: Excellent

Compression routers are best used when both top and bottom finish are important. They are best used with material that has laminate on both the top and bottom. Chips flow in a sideways direction.

Endmill Points are most often found on 3 and 4 flute routers. They are good for achieving a smooth finish on a flat bottom surface, and are commonly used in the plastic routing industry.
