Item #822-114, Mastercut Aramid Router \$91.04

Thank you for shopping with us!

Material Finish-Top: Good
Material Finish-Bottom: Good

Endmill Points are most often found on 3 and 4 flute routers. They are good for achieving a smooth finish on a flat bottom surface, and are commonly used in the plastic routing industry.

Downcut routers produce the best finish to the top of the material. Chips flow in a downward direction.
