### **Item #9852, Vortex Tool Series 9800 1/2 x 1 1/2 Tornado Compression for Composites \$196.53**

Thank you for shopping with us!

*New!* Series 9800 Tornado Compression router bits are engineered to excel in laminated composite materials. The unique roughing and finishing flute design yields clean finished edge quality while eliminating delamination of the material. These tools are offered with or without CVD diamond coating. Increased tool life in highly abrasive substrates.
