99-764

Item #99-764, Freud Premier Adjustable Rail & Stile Bit Sets - Bevel

\$145.14

Thank you for shopping with us!

Application: Produces perfect fitting rail and stile doors from 5/8" to 1 1/4" stock - see informational video below

-Create extended tenons for extra door joint strength (patented solution).

-Adjust groove width to suit different panel thicknesses for rattle-free plywood panels or solid wood raised panels.

-Choose from a variety of material thicknesses (5/8" to 1 1/4").

-Add an optional cutter to your bits to create double-sided profiles in thicker stock material.

-Produce flawless raised panel doors when you combine these bits with one of Freud's Raised Panel Bits. Shims are included to ensure a perfect fit.

-Cuts all composition materials, plywoods, hardwoods, and softwoods.

-Use on table-mounted portable routers.
