99-860

### Item #99-860, Freud Premier Adjustable Rail & Stile Bit Sets: Round Over (optional double-sided profile cutters) \$107.37

Thank you for shopping with us!

**Application:** Produces perfect fitting rail and stile doors from 5/8" to 1 1/4" stock - see informational video below

- Create extended tenons for extra door joint strength (patented solution).
- Adjust groove width to suit different panel thicknesses for rattle-free plywood panels or solid wood raised panels.
- Choose from a variety of material thicknesses (5/8" to 1 1/4" ).
- Add an optional cutter to your bits to create double-sided profiles in thicker stock material.
- Produce flawless raised panel doors when you combine these bits with one of Freud's Raised Panel Bits. Shims are included to ensure a perfect fit.
- Cuts all composition materials, plywoods, hardwoods, and softwoods.
- Use on table-mounted portable routers.
