Item #AMS-CNC-52, Amana AMS Series 52-Pc CNC Master Advanced Materials Router Bit Set, 1/4" Shank

\$2,719.75

Thank you for shopping with us!

We have the tool you need for every CNC application! Whether you're creating signs, building cabinets, or surfacing large areas, we have created a versatile mix of router bits to complete your project. Each router bit is manufactured from Amana's exclusive grade carbide according to stringent quality standards.

52 pieces of the most versatile CNC, industrial quality, high performance solid carbide, carbide-tipped, and solid carbide insert router bits. Router bits feature superior cutting edges, mirror like finish (on some of the tools), balancing, carbide of different grades for different materials/applications, and excellent tool design to allow for repeat sharpening.
