Item #DMAMXCC5050, Diablo Tools 4 in. x 7 in. SDS-Max Carbide-Tipped Core Bit **\$180.25**

Thank you for shopping with us!

Diablo's SDS-Max carbide-tipped core bit range provides one of the fastest and longest lasting coring solutions on the market for concrete applications.

All-in-one design strengthens the bit from end-to-end in order to withstand the stress and impact of high-powered hammer drills in concrete. A spiral flute design removes dust faster, keeping the carbide teeth cooler for ultimate strength and durability. Optimized for maximum performance in corded and cordless SDS-Max rotary hammers.

Carbide teeth withstand impact and high heat applications for superior life and productivity versus standard core bits

Spiral flute design for faster dust extraction that keeps the carbide teeth cooler for ultimate strength and durability

Peak Point Tip design for aggressive starts that produce clean, fast holes

Off-set carbide teeth produce fast, clean holes

One piece design strengthens the bit—extreme impact resistance and stability

For drilling large holes up to 4 in. diameter

Maximum performance in SDS-Max rotary hammers

SPECIFICATIONS

Manufacturer	Diablo Tools
Application	Concrete
Diameter	4 in

SPECIFICATIONS

Cut Depth	7 in Drilling Depth
Length	7 in
Pack Quantity	Single
Type	SDS-Max- One-Piece
