Item #DS0908BFD2, 9in Diablo Bi-Metal Recip Blade for Metal Demolition (3/16in to 9/16in) (2 pk) \$43.57

Thank you for shopping with us! Diablo Bi-Metal Reciprocating Blades deliver 5x the performance of standard blades. The ultra hardened edge is created through a unique heat treatment process that optimizes the bi-metal teeth durability. Diablo's reciprocating saw blades are specifically designed for maximum performance in metal demolition applications. The blade's ultra hardened cutting edge delivers up to five times longer life than those of standard blades. Dual Tooth design features a double tooth configuration with small gullets for faster material removal and extra durability. Perma-shield® coating protects the blade from heat, gumming, and corrosion Thick demolition blade body for extreme durability Ultra hardened edge increases the hardness of the cutting edge to a Rockwell Hardness of HRC 62 versus HRC 55 for standard blades

SPECIFICATIONS

Manufacturer	Diablo Tools
Application	Thick Metals (3/16 in to 9/16 in)
Length	9 in
