DS0920BF5

Item #DS0920BF5, 9in Diablo Bi-Metal Recip Blade for Thin Metal (Less than 1/8in) (5 pk)

\$18.46

Thank you for shopping with us! Diablo Bi-Metal Reciprocating Blades deliver 5x the performance of standard blades. The ultra hardened edge is created through a unique heat treatment process that optimizes the bi-metal teeth durability. Diablo's reciprocating saw blades are specifically designed for maximum performance in metal cutting applications. The blade's ultra hardened cutting edge delivers up to five times longer life than those of standard blades. Dual Tooth design features a double tooth configuration with small gullets for faster material removal and extra durability. Perma-shield® coating protects the blade from heat, gumming, and corrosion 1" Demolition body for straighter cuts with less vibration Ultra-hardened edge increases the hardness of the cutting edge to a Rockwell Hardness of HRC 62 versus HRC 55 for standard blades A one-of-a-kind tip design that enables faster and easier plunging
