DS1208BFD25

Item #DS1208BFD25, 12in Diablo Bi-Metal Recip Blade for Thick Metal Demolition (3/16in to 9/16in) (25 pk) \$87.40

Thank you for shopping with us! Diablo Bi-Metal Reciprocating Blades deliver 5x the performance of standard blades. The ultra-hardened edge is created through a unique heat treatment process that optimizes the bi-metal teeth durability. Diablo's reciprocating saw blades are specifically designed for maximum performance in metal demolition applications. The blade's ultra-hardened cutting edge delivers up to five times longer life than those of standard blades. Dual Tooth design features a double tooth configuration with small gullets for faster material removal and extra durability. Perma-shield® coating protects the blade from heat, gumming, and corrosion. Thick demolition blade body for extreme durability. Ultra-hardened edge increases the hardness of the cutting edge to a Rockwell Hardness of HRC 62 versus HRC 55 for standard blades.

SPECIFICATIONS	
Manufacturer	Diablo Tools
Application	Thick Metals (3/16 in to 9/16 in)
Length	12 in
Tooth Design	Dual Tooth
TPI	8 / 10
Part Descp.	12 in Diablo Bi-Metal Recip Blade for Metal Demolition (3/16 in to 9/16 in) (25 pk)
Unit Price	--
Pack Quantity	One 25-Pack
