Item #FC-003, Freud Carbide Forstner Bit

\$28.00

Thank you for shopping with us!

Freud's Carbide Forstner Bits bring a technical level of excellence not found in a standard high speed steel forstner bit. These bits will drill through a multitude of materials. Use to drill pocket holes, angled holes, overlapping holes, and flat bottom holes. Best of all, these bits will not burn like a standard forstner bit and will stay sharp many times longer.

Application: Drills all composition materials, plywoods, hardwoods, solid surface materials, and softwoods. Use in hand held drills and drill presses.

SPECIFICATIONS
