**Item #G1031624,
Everlast Groover 10"
Diameter 24-Tooth 5/8"
Bore 3/16" Kerf - Square
Face & Top
\$333.58**

Thank you for shopping with us!

A single purpose tool to be used when a specific width of groove is desired for production runs. Will give good finish cuts when run with grain of material.

Please call for: Different number of teeth, shear face, special designs, special bore size, alternate top grinds.

Straight Top Grind - STR - Each tooth will cut full kerf, making this design very effective for removing material however high cutting pressures are present. Typically used for rip cutting hardwood and softwood.
