Item #L05251, FS Tool Industrial Quality Thin Kerf Saw Blades

\$231.76

Thank you for shopping with us!

Design:

- Tooth configuration: refer to chart (see items)
- Cutting Material: TC
- Very stable body minimizes run-out
- Expansion slots: Cu Plugged

Application:

- For fine cuts in veneered panels, expensive woods and sheets, thin plexiglass, masonite, and plastics
- On table saws, sliding table saws, and vertical panel sizing saws
