### Item #LSB30008X, Freud® Panel Sizing Saw Blades: LSB X Series \$188.78

Thank you for shopping with us!

Freud is one of the few manufacturers of woodworking tools in the world that produces its own Micrograin Carbide for each tool application.

To size single or multiple panels.

Triple chip tooth with positive cutting angle. Silent Sawblade. Anti-vibration Design. Silver I.C.E. Coating prevents build-up on the blade surface and keeps the blade running cooler and cleaner.

Industrial coating available.

Machines: Horizontal panel sizing machines with scorer.

Features: Flat triple-chip tooth with positive cutting angle. Increased durability per sharpening cycle due to the latest improvements in the production process. Advanced technology implementation to deliver a superior performance in panel sizing applications.  
Material: Chipboard or MDF laminated with melamine or plastic materials.

Ideal For: Sawblades for cutting wood panels, plastic materials, and non-ferrous metals on table saw or miter saw.
