### **Item #MD1038, Whiteside Machine Metric Downcut Spiral 10mm SH, 10mm CD, 1 1/2" CL \$48.65**

Thank you for shopping with us! Spiral bits provide a shear cutting edge that leaves a smoother cut than standard router bits. The downcut spiral design provides the best top surface edges, ejecting chips away from the router when routing through material. This design also decreases the tendency to lift thin/small work pieces during CNC routing. Materials: Natural woods, composites, hard plastics Recommended RPM: 16,000-18,000 (max 24,000)

#### SPECIFICATIONS

<b>Manufacturer</b>	Whiteside Machine
<b>Diameter</b>	10mm cutting diameter
<b>Cut Height, Length, or Width</b>	1 1/2 in cutting length
<b>Flute</b>	2
<b>Overall Length</b>	4 in
<b>RPM</b>	16,000-18,000 (max 24,000)
<b>Shank</b>	10mm
<b>Flute Geometry</b>	Downcut
<b>Type</b>	Metric Shank
