### Item #MD12-280, Amana A.G.E. Series Ripping Saw Blades: Heavy Duty, ATB Grind \$63.04

Thank you for shopping with us!

#### Heavy duty. Specifically designed for smooth ripping.

MD12-280 is one of Amana's most popular blades.

The low tooth count and large gullets combine to make these blades fast and aggressive. The absolutely flat, laser-cut body ensures precise cuts. The laser-cut expansion slots virtually eliminate vibration and noise. Suitable for use in table saws or gang-rip saws.

**Warning:** Not recommended for cutting non-ferrous alloys, plastic, laminate, and melamine.
