Item #MP-25560CB, Tenryu Miter-Pro Series for Miter & Slide Miter Saws

\$120.00

Thank you for shopping with us!

Tenryu's ultimate woodworking blade for Miter & Slide Miter Saws.

Blades specially designed for high performance, smooth cuts, and heavy-duty applications on miter saws and slide miter saws.

Tenryu's proven, super-true, laser cut, hand-tensioned steel plate with patented resin bond-filled expansion slots ensures smooth, accurate, quiet cuts.

Specially designed, top quality, micro-grain carbide tips, honed to a precision edge with 600 grit diamond wheels.

Rake angle design prevents lifting of workpiece but does not make your saw overwork. The result is a safer, chip-free, smooth cut.

Each Blade Features:

- Fully hardened, expertly tensioned tool steel body for true and accurate cuts.
- High-grade, fine-grain carbide tips for long life.
- Super fine grit honing of carbide edge for clean, smooth cuts.
- Additional resin bond-filled expansion slots for even quieter cutting.

SPECIFICATIONS
