Thank you for shopping with us! Versatile and easy to use. These 6-piece cutter sets are designed to perform the 3 functions shown. Our standard sets cut 1/4" wide x 3/8" deep tongue and groove. Our common minor diameter requires NO fence adjustment when changing from cope to pattern cuts (3/8" tongue only). Counterclockwise rotation with wood fed face down. Optional tongue and groove cutters and eased edge and opposite rotation are available.

Each function of the 6 piece cope & pattern set requires a different cutter configuration. For desired results, use the following guide to set up each operation.

**REMEMBER:** Always stagger cutters when stacking. Never stack wing to wing.

**Pro-Line Shaper Cutters**
