Item #RB1020C, Amana Tool Electro-Blu™ Carbide-Tipped Euro Rip With Cooling Slots 10 Inch Dia x 20T FT, 18 Deg, 5/8 Bore, Non-Stick Coated **\$107.33**

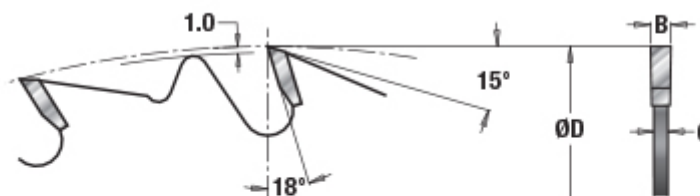

Thank you for shopping with us!

Designed for ripping hardwood and softwood, this exceptional blade cuts fast and smooth. The flat-top grind and the high positive hook angle (20°) reduce feed effort. The anti-kickback limits the thickness of chip, to offer a safer cut. Cooling slots in the body prevent excessive heat build up.

Benefits of Electro-Blu™ Coating

Reduces resin accumulation and heat build-up. Tips stay sharper longer resulting in extended blade life. Applied by using an electrostatic bonding process.

Warning: Before use, read saw blade safety guidelines in [Amana's catalog](#).

Soft/Hardwood
Ripping
